Color Nature Projected	Color Open Small Print	
Color Open Projected		
Insects, Reptiles & Amphibians (Nature Sp. Theme)		
Photojournalism/Sports (Open Sp. Theme)		

Large Print Division

Due to a lack of participation, all large prints are now combined into one division. Mono, color, nature and open will be judged together with one set of medals awarded. This division is still limited to 3 images per entrant and will need a minimum of 6 entrants to hold the judging.

Insects, Reptiles & Amphibians

The insect, reptile, and amphibian theme is restricted to those living creatures that are defined by science as an insect, reptile or amphibian. Common examples include frogs, lizards, bees, butterfly's, spiders. The list is not complete, however, no mammals, birds, fish, or mounted subjects are allowed in this theme. The subject should be presented in its natural environment and should not be moved to a studio location.

The Nature Division includes all living creatures and plants both wild and domesticated along with all naturally occurring scenes. The Division includes all those subjects be they captive or free. However, the appearance of the "Hand of Man" is still prohibited. The subject should not be moved to a studio environment, but should be depicted in its natural surroundings. Furthermore, no manipulation is allowed except for cropping, exposure adjustments and dust sensor removal. No cloning to add or delete elements to the composition is allowed.

Photojournalism/Sports

Photojournalism images should reflect a newsworthy event and be depicted in an honest and objective manner. The sports image can be of any sporting event, professional, collegiate or amateur including children's events. Manipulation of these images is allowed only if it does not compromise the original intent of the image. However no elements not originally in the image can be introduced by artificial means.
